Patrons

The High Commissioner from New Zealand to Australia is New Zealand's foremost diplomatic representative in the Commonwealth of Australia, and in charge of New Zealand's diplomatic mission in Australia.

As fellow members of the Commonwealth of Nations, diplomatic relations between New Zealand and Australia are at governmental level, rather than between Heads of State. Thus, the countries exchange High Commissioners, rather than ambassadors. In 1964 as it consolidated, Woden Valley RSL wished to appoint a Patron and invited the then New Zealand High Commissioner to consider the role. His Excellency J. L. Hazlett graciously accepted and became the first of an unbroken list to do so. Listed below are his successors to become Woden Valley RSL Patrons.

His Excellency J. Luke Hazlett (1964 - 1970)
His Excellency Arthur Yendell (1970 - 1973)
His Excellency E.P. Chapman (1973 - 1976)
His Excellency Sir Laurie Francis (1976 - 1985)
His Excellency Graham Ansell (1985 - 1989)
His Excellency E. Ted Woodfield (1989 - 1994)
His Excellency Graham Fortune (1994 - 1999)
His Excellency Simon Murdock (1999 - 2002)
Her Excellency Kate Lackey (2002 - 2006)
His Excellency Dr John Larkindale QSO (2006 - 2011)
His Excellency Maj Gen Martyn Dunne CNZM (2011 - 2013)
His Excellency Chris Seed (2013 - 2018)
Her Excellency Hon Dame Annette King (2018 - Present)

Treasurers

The History of Woden Valley Sub-Branch reveals it was blessed with a succession of talented members to serve as Treasurers. Each one of them quickly won the confidence of the executive and members by their tireless dedication to the task and with the advice they offered. Equally important, each won the trust and respect of independent auditors. Most served for many years and only handed over to take another management function. They were rewarded by the growth of the Sub-Branch, particularly in times of wider financial pressures. They are listed here with pride - and thanks.

B. Taylor 1962 - 1964	Brian Cook 1981 - 2002
C. Cummings 1964 - 1977	John Kent 2002 - 2012
S. M. Barrett 1977 - 1978	Ros Crawley 2012 - 2013
K. Appleby 1978 - 1979	Judy Webster 2013 - 2016
E. Walters 1979 - 1981	Jan Properjohn 2016 - Present

THE SERVICEMAN

ALL VOLUMES (1962-2019) INDEX

This index lists articles that appeared in the volumes of *The Serviceman* published between 1962-2019 and two volumes of the associated Eddison Park Schools Special issues published between 1999-2019. The articles reflect the activities and interests of the members of the Woden Valley RSL Sub-Branch and its contribution to the curricular of local schools at that time.

The index does not list routine reports on Annual and Quarterly Reports of Sub-Branch activities that outline the history of management and social development of the WVSB. However each magazine does contain relevant reports by the President, Secretary, Editor and those submitted by Committee/Board Members. These can be found in the individual index contained in every issue of *The Serviceman*. Searchers will be rewarded by a host of other small, interesting and amusing items that are also not listed individually and need to be discovered.

How to use this index:

Articles are listed in alphabetical order and referenced by year, issue and page number as follows:

<i>Year of publication:</i> Shown by decade (e.g. 1999 is shown as 99)
<i>Issue:</i> Shown as A (ANZAC), W (Winter), X (Xmas), S (Special Schools)
<i>Page Number:</i> The number 00 denotes a front cover photograph or a story in that specified issue.

Example: The article titled “RSL Badge Symbolism” is listed as 88 X37 and that should lead you to 1988, Xmas edition Page 37.

The End

This 100-year-old advice about how to open a new book was discovered and may be of assistance to our readers and researchers.

How to Open a New Book

Place the book with its back on a table.

Let the front cover down.

Then the back cover.

Then open a few leaves in front.

Then a few at the back, alternating front and back,

gently pressing them down until the center is reached.

Do this two or three times in order to limber up the binding. Should you open the volume roughly or carelessly, you may break the back and cause the leaves to loosen.

Never force the back; if it does not readily yield, it is too tightly or strongly lined.

It needs gentle treatment, much the same as a machine needs lubricating.

William Matthews, the most famous bookbinder America has produced, in his *Modern Bookbinding Practically Considered*, relates the following incident:

"Many years ago an excellent customer of mine, a connoisseur, who thought he knew perfectly how to handle books, came into my office when I had an expensively bound book just completed, ready to be sent home. Taking the volume in his hand, and, holding the leaves tightly together (instead of allowing them full play), he violently opened it in the center, exclaiming: 'How beautifully your bindings open!' I almost fainted. He had broken the back of the volume, and it had to be rebound."

Moral: Even a well-bound book may be easily ruined at the first opening.

An Index to Time

The Serviceman Collection Index is a guide to finding information lodged in over sixty magazines, some up to sixty years old. It is designed to be an indicator, signal, token, clue or hint to get the reader on the way. It can also be described as a list, inventory, catalogue, register or directory. More recently the word bogroll has crept into use (Ugh!)

The first rule is to treat The Collection with care and respect when on the hunt.

Always be aware that information being sought through an index remains fixed to the time it was first listed. There are some instances where the original title is no longer helpful and a ‘tweaked’ version may be used elsewhere in the list.

On occasions the hunt for a specific article could appear to be quite challenging. However, this index incorporates a default system known as the Biblical Concept based on well tested “seek and ye shall find” methodology. Rewards abound for those who take the time.

Acknowledgements

(An extract from inside the back cover of Volume 8)

In assembling this collection of magazines, Bob and I now find ourselves standing on the shoulders of some of Woden Valley RSL's greatest Presidents, Secretaries, Treasurers and countless Committee and Board Members spanning the past thirty two years of support for *The Serviceman*. However, none of this would have happened without the input of an amazing stream of willing and talented writers.

It helps that Bob and I were active members of that awesome group and also participated in the resurgence and development of the Sub-Branch through the lens of *The Serviceman*. In particular we were pleased to have been able to save this set of original magazines. Each volume has been dedicated to a different outstanding individual of the support group. Our regret is that it would have required a hundred more volumes to feature all those who were worthy of such an honour.

Thank you to all past and present members who participated in *The Serviceman* in any capacity. Your names are recorded in one way or another deep in these Volumes and will serve forever to show how you cared for the greater good of Woden Valley RSL.
